Temporary Lane Closures on the 16th Street NW Bus Lanes Project November 8 through November 12, 2021

(Washington, DC)—The District Department of Transportation (DDOT) is advising all stakeholders to expect intermittent closures of northbound and southbound travel lanes along 16th Street NW occurring one lane at a time during **the off-peak hours of 9:30 a.m. to 3:30 p.m., Monday through Friday with the exception of an occasional Saturday.** The following construction activity will take place in the upcoming week, weather permitting:

- **16th Street NW at Harvard Street/Columbia Road/Mt Pleasant Street** – Continue the installation of pavers, perform site work on the pedestrian island and install roadway signage. Construction activities will take place during off peaks hours from 9:30 a.m. – 3:30 p.m. Please adhere to the **Emergency No Parking** signage posted.

Roadway users should expect short interruptions to two-way traffic. Travel lanes will be tapered as necessary to allow for the safe channelizing of traffic. Temporary sidewalk closures may be required during construction. Pedestrian channelizers, detours, and signage will be installed when these sidewalk closures are needed.

These intermittent lane closures and activities are necessary to complete work related to the 16th Street NW Bus Lanes project from Arkansas Avenue NW to K Street NW.

Traffic controls, including signage, will be in place to guide motorists and pedestrians safely through the work zone. All users of the roadway are advised to stay alert and be observant of signage and work zones while traveling in this area.

Once completed, the 16th Street NW Bus Lanes project will improve the performance and reliability of bus routes and pedestrian access along 16th Street NW from Arkansas Avenue NW to H Street NW. This project is anticipated to take a full year to complete.
